COLLECTIONS BY CYRIL

Following his classical training with the "Compagnons du Devoir", Cyril Barret, craftsman and adventurer, has spent 25 years perfecting his art, working with prestigious interior designers and perpetuating French know-how.

His passion, style, and innovative approach make his designs true works of art.

His leading specialities are his expertise with fabrics, including window decorations (curtains, blinds, etc.), as well as customised sofas and armchairs.

He has now settled in Dubai, devoting his artistic approach and acknowledged expertise to the design and production of customised decors for international designers, firms and institutions, paying the strictest attention to the desires of each client.
